# PERSONAL DEVELOPMENT IS A MAJOR TIME-SAVER

The better you become, the less time it takes to achieve your goals

Millennial Brainasium, an interactive digital Think4Self workshop designed for the digitally minded youth of today. Our interactive exercises allow you to understand critical universal social and interpersonal skills. The goal is to guide young adults to develop:

- Self-awareness
- Emotional intelligence
- Reasoning
- Planning
- Logical problem-solving skills

without using social media. By implementing practical exercises, this training allows young adults to become more aware of, “what goes online stays online.”

“Social Graces” by definition, is how you conduct yourself in society

## Social Media Etiquette

As quickly as the internet evolves, so does the way we interact online. There are rules of etiquettes to social media. What is good, bad, right, wrong professional behavior code of behavior.

## Executive Coaching

The focus of coaching is usually on organizational performance or development, but usually has a personal component to it.

## Personal Development

A way for you to assess your skills and qualities. Let's consider your measurable goals for life in order to maximize your potential.

## A Benefit to Personal Development

Self-awareness can increase your productivity. Becoming aware of your strengths and weaknesses can encourage you to produce higher quality work. Seeing your improvement will boost confidence and motivation.

Focus on how to be social, not how to do social.

Everything you post on social media impacts your personal and professional brand. How do you want to be known?
